### How to use:

[How to use the mini hair curling iron to creating volume.](#)

- Step1: Section hair into a vertical section in front of hair;
- Step2: Spray section with hair spray to protect your hair from damage;
- Step3: Holding the curling iron clamp with your index finger.
- Step4: Grab a small portion of hair and start curl in front midway to the end;
- Step5: Hold 10-15 seconds to heat the hair, loosen slowly to give inward curls;
- Step6: Release the curling iron, run finger through your hair to break up the curls.
- Step7: Apply hair wax or mousse to hold the curls.

Caution:

- Keep away from the children, pets and water;
- Always unplug the styler immediately and storage well after using.
