How to use Marcel curling iron:

First of all, we need to choose a big size curling iron for long hair, because small size more suitable for short and thin hair, and they works the tight curls out, but big size curling iron is going to give you big lose waves, if you have a really long hair, big size is mor suitalbe.

Prepare your hair clean and ready to style, pick up a small section of your hair, open the Marcel curling iron up.

Wrap your hair around the iron from roots to middle of your hair, slightly open clamp and get your way down little by little until the end of the tip.

Go ahead and release the section hair, using your finger comb throught this section, then the natural wave comes with you.
