### **How to use S plate hair flat iron F601HB:**

Super S plate hair flat iron F601HB is one of FBT's multi-functional hair straightener works for straight hair and curl hair. It's the normally usage when we use the hair straightener straightening hair, clean your hair and blow dry, section your hair into several small sections, just clip the hair section with the iron, and slide your way down from roots to tip, if the straight effect is not good as you think, then do the same movement again.

Then how to use hair straightener curling hair? S plate is designed for easy curling hair. Clip your hair with iron, and twist the flat iron straightener and turn it 360 degree until the section hair wrap around the flat iron straightener, then pull your straightener down slowly. So the three steps to curling hair with straightener is: twist, twirl and toss. after that, you could go ahead the next section.
