How to use it:

It is a very simple operation to use a spin curler for curls at home.

Preparation:

- 1)Clean your hair and blow dry with a hair dryer before hair styling.
- 2)Use a large volume comb to brush your hair smoothy and no tangle.
- 3)Add in a heat protection spary to prevent your hair from damage.

Hair styling steps:

Step1: Plug in the spin curler, and press the "on" button to the desired heating settings.

Step2: Divide your hair into sections, tie the upper 2/3 of the hair into a ponytail on the top of your head, and leave the bottom layer down.

Step3: Pick up sections of hair and wrap them around the barrel of spin curler, starting in the center of each strand.

hold the hair in place around the barrel of the iron for 5-10 seconds and then release the curl.

Step4: Repeat it throughtout the entire bottom layer of the hair.

Step4: Using your finger to comb the curls and apply wax to hold the long lasting style.
