### How to use:

[This hair flat iron is good for straightening and curling.](#) Follow these steps, you can get professional salon hair styling result at home.

1. Start on soft and clean hair that's free of tangles.
2. Insert the flat iron near the roots. To curl, close the flat iron, do one rotation and pull the flat iron down through the ends.
3. Use your free hand to hold the end of the hair to help prevent it from falling out of the flat iron.
4. If your hair is only curling at the ends, try holding the iron longer near your roots, give it more time to curl.
5. If the end of the hair isn't curled enough, you can use the hair iron to pick up just the ends to finish out the curl.
6. Applying tension on the edge of the hair iron to pick up just the ends to finish out the curl.
7. Choose shine sprays for hair styling and help maintain the style.
