- * 2.65M or 3M salon length swivel power cord;

How to use:

360 auto spin curler is an amazing advanced styling tools, you don't need a lot time to style your hair with curls, wavey, volume that you want.

Let me share with you guys the steps in creating perfect curls every day.

Step1: Before styling, please styling your hair untangled and smooth.

Step2: Plug the curler and press the ON/OFF button to turn spin curler on.

Step3: Start from the root and hold the auto spin curler upwards parallel to your jaw.

Step4: Take a small sections of your hair and hold on to the left or right button on the handle. It will start spinning your hair over the curler.

Step5: After all the hair is wrapped on the barrel, stop rotating the clip and hold it for 3-5 seconds to fix the style.

Step6: Release your hair by rotating the clip on the same direction, you'll go with a perfect curl.

It is very important that you hold the barrel for 3-5 seconds to fix the style of hair to get a desired styling result.
