Marketing selling points of F998EA:

- * Original design auto spin curler, patent by FBT.
- * Automatically wraps hair around the barrel and releases the hair at ends
- * Tight clamp holds the hair perfectly in place
- * Korea ceramic heating barrel, hydrates hair, eliminates frizz, and reduces the chance of hair breakage
- * 2 * heaters provides constant heat over the entire barrel, fast heat up in 60 seconds
- * Adjustable heat settings from 320-430F (160-210C) makes it perfect for all hair types
- * Convenient and labor saving, creates volume, curls or waves in seconds
- * User-friendly, easy, one-hand operation, one-touch controls

How to use:

Critical tips to operate the double spin styler

1, Start from the root —→ 2, Choose the right direction —→ 3, Hold 3-5 seconds to fix the style (After all the hair is wrapped on the barrel, stop rotating the clip and hold it for 3-5 seconds to fix the style of hair) —→ 4, Release the hair (continue rotating the clip on the same direction to release the hair)

It is very important that you hold the barrel for 3-5 seconds to fix the style of hair to get a long lasting styling result.
