### Useful tips on using the hair straightener:

[Professional groove hair flat iron](#) is very special design and easy to use. Here are some useful tips for styling.

1. Keep a brush close to the flat iron to get the sleekest hair possible;
2. Try pulling hair upwards to give yourself more volume.
3. Get natural looking waves by twisting hair tightly, then running a flat iron over it;
4. Wrapping hair around the flat iron in different ways will produce different results;
5. When you get to the crown, flat iron your hair up and toward the ceiling to get volume;
6. With a wash cloth and some rubbing alcohol, clean the gunk off your plates;
7. Grab a pair of ear covers to avoid burning your skin;

### Other plate of F178C:
