How to use:

The 2 inch plate hair flat iron is good for hair straightening or styling. Here is some use tips for you.

Step 1: Make sure your hair is throughly clean and dry;

Step 2: Apply a heat protection serum prevent damage caused by sraightener;

Step 3: Divide your hair into section, if you want hair to be pin-straight, divide it into small sections. If you want smoother, rather than pin-straight, divide it into bigger section

Step 4: Plug in your hair irons and turn the heat up in your straightener;

Step 5: Start half-an-inch down from the roots, quickly smooth the iron down the hair shaft, making sure to move at a steady pace;

Step 6: Use spary for final hair styling, it can lock out lotions help maintain the style.
